

# RAHUL KARNA

MTECH (Industrial & Management Engineering)

Email- [rahulkarn@iitk.ac.in](mailto:rahulkarn@iitk.ac.in) | Contact: +91 8919106898

ACADEMIC DETAILS			
YEAR	DEGREE	INSTITUTE	PERFORMANCE
2018-Present	M.Tech. (Industrial & Management Engineering)	Indian Institute of Technology, Kanpur	9.48*
2014-18	B.Tech. (Mechanical Engineering)	Aditya Engineering College, Andhra Pradesh	83.24%
2014	Class XII, HSEB Board	Goldengate Higher Secondary School, Kathmandu	83.9%
2012	Class X, Nepal Board	Shree Rajdevi Tha Jo Bha Madhyamik Vidhyalaya	88%

\*upto 2<sup>nd</sup> semester

SUMMER INTERNSHIP
<b>Intern at Zirca Digital Solutions, Gurgaon</b>
<b>Project Title:</b> The role of tools and platforms in Digital Communications - Martech and Adtech? Does the ROI justify the spends on these tools? Where do they see the most Impact?
<ul style="list-style-type: none"><li>➔ Exploration of various tools and platforms present in Adtech and Martech.</li><li>➔ Key differences between Adtech and Martech.</li><li>➔ Major impacts of these technologies.</li></ul>

ACADEMIC PROJECTS	
<b>Data Mining</b>	<b>New York Taxi Fare Prediction using R programming</b> <ul style="list-style-type: none"><li>The aim of the project was to predict the taxi fare for various test data based on training data given for 55 million taxi rides by developing a model on basis of pickup and drop-off locations and datetime data.</li><li>Steps included Data Preprocessing, Data Visualization and Model Building with Comparison of Models in R. Data collected from- <a href="https://www.kaggle.com/c/new-york-city-taxi-fare-prediction">https://www.kaggle.com/c/new-york-city-taxi-fare-prediction</a></li></ul>
<b>Statistical Modeling for Business Analytics</b>	<b>Rainfall Forecasting of UP East Region using Time Series Analysis</b> <ul style="list-style-type: none"><li>Performed <b>Exploratory Data Analysis</b>: review of Summary Statistics and plots.</li><li>Inspected the data for any <b>missing values, trends, seasonality, cycle</b> or <b>outlier</b>.</li><li>Applied <b>ARIMA</b> models: transformed data into <b>Stationary Time Series</b> and identified the <b>Auto-Regressor &amp; Moving Average</b> parts.</li><li>Established a model with least Akaike information criteria (<b>AIC</b>).</li></ul> <b>Analysis of the Factors Affecting Gross Domestic Product (GDP) per Capita</b> <ul style="list-style-type: none"><li>Created a model to predict GDP per capita using literacy rate, death rate, fraction of land for crops, fraction of total population in services and industries.</li><li>Performed <b>Regression</b> analysis and finalized a <b>multivariate regression model</b> on the basis of <math>R^2</math> &amp; <b>adjusted <math>R^2</math></b> value.</li></ul>
<b>Stochastic Processes</b>	<b>A term paper on Google PageRanking Algorithm</b> <ul style="list-style-type: none"><li>Study of PageRanking algorithm as an application of Stochastic process.</li><li>A mathematical study starting with its mathematical formulation as a Markov Chain with its applications.</li></ul>

COURSEWORK AND SKILLS	
<b>Relevant Courses</b>	Probability and Statistics   Operations Research   Design of Production Systems   Introduction to Computing   Data Mining and Knowledge Discovery   Statistical Modeling for Business Analytics   Stochastic Processes   Advanced Decision Models   Operations Management
<b>Technical Skills</b>	R   Python   GAMS   Java   MS Excel

POSITIONS OF RESPONSIBILITY
<ul style="list-style-type: none"><li>Co-ordinator at Sieger Pro Karting Championship -2018, Aditya Engineering College</li><li>Exhibitor at National Level Science Exhibition -2013, Goldengate International College, Kathmandu</li></ul>

ACADEMIC AWARDS AND ACHIEVEMENTS
<ul style="list-style-type: none"><li>Pursued B.tech with Full scholarship under Complex Exam Scholarship Scheme 2014 provided by Government of India.</li></ul>
