

Enquiry No: ChE/AS /Dec/02

Last date: Dec 30, 2011

Dated: December 22, 2011

Dear Sir/Madam,

Quotations are invited for a "**532 nm Laser with Coupler for WITec Alpha SNOM System**" having the following specifications.

Frequency doubled Nd: YAG Laser wavelength 532 nm:

(i) Output Power 50 mW (atleast 40 mW at fiber end) complete with single longitudinal mode, intra cavity frequency doubling, including fiber coupling unit, 3m PM single- mode fiber with FC connector and power supply which can fit directly to laser coupler of the WITec microscope systems.

(ii) Raman laser coupler 532nm for WITec microscopes, with standard FC single-mode fiber connector optical input, dichotic beam splitter, filter slider assembly and edge filter.

Kindly provide Proprietary Certificate if item is proprietary in nature.

Terms and conditions:

- (i) Validity of quotation must be of 60 days minimum.
- (ii) Warranty should be at least for 2 years
- (iii) Price should be on FOB basis

Kindly send your technical and commercial offers in a sealed envelope marked '**Quotation for 532nm Laser**' so as to reach us on or before **December 30, 2011** at the following address:
