INSTRUCTION FOR ONLINE BID SUBMISSION

The bidders are required to submit soft copies of their bids electronically on the Central Public Procurement (CPP) Portal ie <http://eprocure.gov.in/eprocure/app> , using valid Digital Signature Certificates. The instructions given below are meant to assist the bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their bids online on the CPP Portal.

1. REGISTRATION

- (i)** Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal (URL:<https://eprocure.gov.in/eprocure/app>) by clicking on the link "Online Bidder Enrolment" option available on the home page. **Enrolment on the CPP Portal is free of charge.**
- (ii)** During enrolment/ registration, the bidders should provide the correct/ true information including valid email-id & mobile no. All the correspondence shall be made directly with the contractors/ bidders through email-id provided.
- (iii)** As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts.
- (iv)** For e-tendering possession of valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) is mandatory which can be obtained from SIFY /nCode/eMudra or any Certifying Authority recognized by CCA India on eToken/ SmartCard.
- (v)** Upon enrolment on CPP Portal for e-tendering, the bidders shall register their valid Digital Signature Certificate with their profile.
- (vi)** Only one valid DSC should be registered by a bidder. Bidders are responsible to ensure that they do not lend their DSCs to others which may lead to misuse and should ensure safety of the same.
- (vii)** Bidders can then log into the site through the secured login by entering their userID/ password and the password of the DSC/ eToken.

2. SEARCHING FOR TENDER DOCUMENTS

- (i)** There are various search options built in the CPP Portal to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, organization name, location, date, value, etc. There is also an option of advanced search for tenders, wherein the bidders may combine a number of search parameters such as organization name, form of contract, location, date, other keywords, etc., to search for a tender published on the CPP Portal.
- (ii)** Once the bidders have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective 'My Tenders' folder. This would enable the CPP Portal to intimate the bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.
- (iii)** The bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.

3. PREPARATION OF BIDS:

- (i)** For preparation of bid Bidders shall search the tender from published tender list available on site and download the complete tender document and should take into account corrigendum if any published before submitting their bids.

After selecting the tender document same shall be moved to the 'My favourite' folder of bidders account from where bidder can view all the details of the tender document.

- (ii) Bidder shall go through the tender document carefully to understand the documents required to be submitted as part of the bid. Bidders shall note the number of covers in which the bid documents have to be submitted, the number of documents – including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.
- (iii) Any pre-bid clarifications if required, then same may be obtained online through the tender site, or through the contact details given in the tender document.
- (iv) Bidders should get ready in advance the bid documents in the required format (PDF/xls/rar/dwf/jpg formats) to be submitted as indicated in the tender document/schedule. **Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document.**
- (v) Bidders can update well in advance, the documents such as experience certificates, annual report, PAN, EPF & other details etc., under "My Space/ Other Important Document" option, which can be submitted as per tender requirements. This will facilitate the bid submission process faster by reducing upload time of bids.

4. SUBMISSION OF BIDS:

- (i) Bidder should log into the site well in advance for bid submission so that he/ she upload the bid in time i.e. on or before the bid submission time. Bidder will be responsible for any delay.
- (ii) Bidder should prepare the EMD as per the instructions specified in the NIT/ tender document. The details of the DD/BC/BG/ others physically sent, should tally with the details available in the scanned copy and the data entered during bid submission time. Otherwise the uploaded bid will be rejected.
- (iii) While submitting the bids online, the bidder shall read the terms & conditions (of CPP portal) and accepts the same to proceed further to submit their bid.
- (iv) Bidders shall select the payment option as offline to pay the EMD and enter details of the DD/BC/BG/others.
- (v) Bidder shall digitally sign and upload the required bid documents one by one as indicated in the tender document.
- (vi) Bidders shall note that the very act of using DSC for downloading the tender document and uploading their offers is deemed to be a confirmation that they have read all sections and pages of the tender document without any exception and have understood the complete tender document and are clear about the requirements of the tender document.
- (vii) Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document. For the file size of less than 1 MB, the transaction uploading time will be very fast.
- (viii) **If price quotes are required in XLS format, utmost care shall be taken for uploading Schedule of quantities & Prices and any change/ modification of the price schedule shall render it unfit for bidding.**
Bidders shall download the Schedule of Quantities & Prices i.e. Schedule-A, in XLS format and save it without changing the name of the file. Bidder shall quote their rate in figures in the appropriate cells, thereafter, save and upload the file in financial bid cover (Price bid) only.
If the template of Schedule of Quantities & Prices file is found to be modified/corrupted in the eventuality by the bidder, the bid will be rejected and

further dealt as per provision of clause no 23.0 of ITB including forfeiture of EMD. The bidders are cautioned that uploading of financial bid elsewhere i.e. other than in cover 2 will result in rejection of the tender.

- (ix)** Bidders shall submit their bids through online e-tendering system to the Tender Inviting Authority (TIA) well before the bid submission end date & time (as per Server System Clock). **The TIA will not be held responsible for any sort of delay or the difficulties faced during the submission of bids online by the bidders at the eleventh hour.**
- (x)** After the bid submission (i.e. after Clicking “Freeze Bid Submission” in the portal), the bidders shall **take print out of system generated acknowledgement** number and keep it as a record of evidence for online submission of bid, which will also act as an entry pass to participate in the bid opening.
- (xi)** Bidders should follow the server time being displayed on bidder’s dashboard at the top of the tender site, which shall be considered valid for all actions of requesting, bid submission, bid opening etc., in the e-tender system.
- (xii)** All the documents being submitted by the bidders would be encrypted using PKI (Public Key Infrastructure) encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. The confidentiality of the bids is maintained using the secured Socket Layer 128 bit encryption technology.
- (xiii)** Bidder will get all benefits under Rule 153 GFR-2017.

5. ASSISTANCE TO BIDDERS:

Definitions:

“Local Content” means the amount of value added in India which shall, unless otherwise prescribed by the Nodal Ministry, be the total value of the item procured (excluding net domestic indirect taxes) minus the value of imported content in the item (including all customs duties) as a proportion of the total value, in percent.

“Class-I local supplier” means a supplier or service provider, whose goods, services or works offered for procurement, has local content to or more than 50%, as defined under this order.

“Class-II local supplier” means a supplier or service provider, whose goods, services or works offered for procurement, has local content more than 20% but less than 50%, as defined under this order.

“Margin of purchase preference” means the maximum extent to which the price quoted by a Class-I local supplier may be above the L1 for the purpose of purchase preference. (shall be 20%)

Purchase Preference:

- (a) Subject to the provisions of this Order and to any specific instructions issued by the Nodal Ministry or in pursuance of this Order, purchase preference shall be given to 'Class-I local supplier' in procurements undertaken by procuring entities in the manner specified here under.
- (b) In the procurements of goods or works, which are covered by para 3(b) above and which are divisible in nature, the 'Class-I local supplier' shall get purchase preference over 'Class-II local supplier' as well as 'Non-local supplier', as per following procedure:
 - i. Among all qualified bids, the lowest bid will be termed as L1. If L1 is 'Class local supplier', the contract for full quantity will be awarded to L1.
 - ii. If L1 bid is not a 'Class-I local supplier', 50% of the order quantity shall be awarded to L1. Thereafter, the lowest bidder among the 'Class-I local supplier' will be invited to match the L1 price for the remaining 50% quantity subject to the Class-I local supplier's quoted price falling within the margin of purchase preference, and contract for that quantity shall be awarded to such 'Class-I local supplier' subject to matching the L1 price. In case such lowest eligible 'Class-I local supplier' fails to match the L1 price or accepts less than the offered quantity, the next higher 'Class-I local supplier' within the margin of purchase preference shall be invited to match the L1 price for remaining quantity and so on, and contract shall be awarded accordingly. In case some quantity is still left uncovered on Class-I local suppliers, then such balance quantity may also be ordered on the L1 bidder.
- (c) In the procurements of goods or works, which are covered by para 3(b) above and which are not divisible in nature, and in procurement of services where the bid is evaluated on price alone, the 'Class-1 local supplier' shall get purchase preference over 'Class-II local supplier' as well as 'Non-local supplier', as per following procedure:
 - i. Among all qualified bids, the lowest bid will be termed as L1. If L1 is 'Class-1 local supplier', the contract will be awarded to L1.
 - ii. If L1 is not 'Class-1 local supplier', the lowest bidder among the 'Class-I local supplier', will be invited to match the L1 price subject to Class-I local supplier's quoted price falling within the margin of purchase preference, and the contract shall be awarded to such 'Class-I local supplier' subject to matching the L1 price.
 - iii. In case such lowest eligible 'Class-1 local supplier' fails to match the L1 price, the 'Class-1 local supplier' with the next higher bid within the margin of purchase preference shall be invited to match the L1 price and so on and contract shall be awarded accordingly. In case none of the 'Class-1 local supplier' within the margin of purchase preference matches the L1 price, the contract may be awarded to the L1 bidder.
- (d) "Class-II local supplier" will not get purchase preference in any procurement, undertaken by procuring entities.

(C)
COMMERCIAL TERMS AND CONDITIONS

1. DEFINITIONS

These Commercial Terms and Conditions shall constitute the General Conditions of Contract,

where no separate contract is signed with the selected Bidder(s), and, the Bidders by putting their signature and stamp on each page of this Section V are binding themselves to these Terms and Conditions. In the Commercial Terms and Conditions as defined below, words and expressions shall have the following meanings assigned to them:

- a. "Contract" means the agreement of the Parties relating to the procurement of Goods and / or the IITK Purchase Order (PO), and all attachments incorporated by reference, which shall form an integral part of the Contract. In the event of any discrepancy, the documents to prevail shall be given precedence in the following order: (i) the Contract (where separately signed), (ii) the IITK Purchase Order, (iii) its attachments, and (iv) these Commercial Terms and Conditions;
- b. "Contractor" means the person or entity named in the 'CONTRACTOR' named field of the IITK Purchase Order and any agreed in writing by the IITK legal successor(s) in title;

- e. "Force Majeure" shall mean any unforeseeable exceptional situation or event beyond the Parties' control which prevents either of them from fulfilling any of their obligations under the Contract, was not attributable to error or negligence on their part (or of their partners, contractors, agents or employees), and could not have been avoided by the exercise of due diligence. Defects in equipment or material or delays in making them available, labour disputes, strikes or financial problems cannot be invoked as Force Majeure by the defaulting Party. Neither of the Parties shall be held liable for breach of its obligations under the Contract if it is prevented from fulfilling them by Force Majeure. The Party invoking Force Majeure shall notify the other without delay, stating the nature, likely duration and foreseeable effect, and take any measure to minimize possible damage;
- f. "Goods" means all of the goods to be supplied to the IITK by the Contractor under the Contract;
- g. "IITK" means the Indian Institute of Technology Kanpur;
- h. "IITK Purchase Order" means the IITK's official Purchase Order document;
 - (i) "Party" means the IITK or the Contractor and "Parties" means the IITK and the Contractor; and
 - (ii) "Place(s) of Delivery" means the location(s) or place(s) where the Goods are to be delivered, as specified in the 'SHIP TO' named field of the IITK Purchase Order.

2. CONCLUSION OF THE CONTRACT

- 2.1. The Contract is made between the IITK and the Contractor. The Contractor is engaged as an independent contractor for the sole purpose of delivering the Goods.

- 2.2. The Contract shall be concluded upon the Contractor duly following the countersigning procedure as stated in the IITK Letter of Intent (LOI).

3. FUNDING

This Contract shall become and remain effective only on the condition that an official Purchase Order is issued by IITK following the conclusion of tender exercise. In the event this is not or no longer shall the case, the IITK without unreasonable delay notify the Contractor thereof.

Any continuation of the Contractor's performance under this Contract after being notified by the IITK shall be at the Contractor's risk and expense.

4. DELIVERY AND TAKE-OVER OF GOODS

The Contractor shall deliver the Goods at the Place(s) of Delivery. On behalf of the IITK, a duly authorised representative(s), shall take-over the Goods upon delivery. Take-over of the Goods by the IITK shall not be deemed acceptance of the Goods by the IITK. The time of delivery as specified in the Contract / PO shall be strictly adhered to, and time shall be of the essence.

5. QUALITY OF GOODS

- 5.1. The Contractor shall deliver Goods that are:
 - a. of the quality, quantity and description as required by the Contract / PO; and
 - b. free from any right or claim of a third party, including rights based on industrial property or other intellectual property.
- 5.2. Should the Goods be of the type "homogeneously defined" or disposable, the Contractor shall provide a sample and undertake, certify, and guarantee that all Goods delivered shall be of the same quality and characteristics as the sample(s) provided.

6. INSPECTION AND ACCEPTANCE

- 6.1. The duly authorised representative(s) of the IITK shall have the right, before payment, to inspect the Goods either at the Contractor's stores, during manufacture, at the ports and/or in places of shipment, or at the Place(s) of Delivery. The Contractor shall provide all facilities for such inspection. The IITK may issue a written waiver of inspection. Any inspection carried out by representative(s) of the IITK or any waiver thereof shall be without prejudice to other provisions of the Contract concerning obligations assumed by the Contractor, including specifications of the Goods.
- 6.2. Upon delivery and inspection of the Goods, the IITK shall inspect the goods as soon as possible and complete the Goods Receiving Document. Should any Goods fail to conform to the technical specifications, codes and standards under the Contract, the IITK may reject the Goods. The Contractor shall, at no cost to the IITK, replace the rejected Goods or, alternatively, rectify the non-conformity.
- 6.3. In the case of Goods ordered on the basis of specifications or samples, the IITK shall have the right to reject the Goods or any part thereof and terminate the Contract if the Goods do not conform to the specifications and/or samples. Nothing in this clause shall in any way release the Contractor from any warranty or other obligations under the Contract.

7. SHIPPING AND INSURANCE

For overseas orders, shipping arrangements shall be co-ordinated by IITK. Original shipping documents including the packing list shall be airtailed/mailed by the Contractor to the (Assistant Registrar (S&P), IIT, Kanpur – 208 016, UP, India).

8. OBSERVANCE OF LAW AND EXPORT LICENCES

The Contractor shall comply with all laws, ordinance, rules and regulations bearing upon the performance of its obligations under the terms of the Contract. If an export licence or any other governmental authorisation is required for the Goods, it shall be the obligation of the Contractor to obtain such licence or governmental authorisation. In the event of the Contractor's failure to obtain such licence or authorisation within a reasonable time, the IITK may immediately terminate the Contract. Where the award procedure or execution of the Contract is vitiated by substantial errors or irregularities or by fraud, the IITK shall suspend execution of the Contract.

Where such errors, irregularities or fraud are attributable to the Contractor, the IITK may also refuse to make payments or may recover monies already paid, in proportion to the seriousness of the errors, irregularities or fraud. The purpose of suspending the Contract shall be to verify whether presumed substantial errors and irregularities or fraud have actually occurred. If they are not confirmed, execution of the Contract shall resume as soon as possible. A substantial error or irregularity shall be any infringement of a contract or regulatory provision of India, resulting from an act or an omission that causes or might cause a financial loss.

9. PRICE

The price of the Goods shall be as stated in the Purchase Order and may not be increased.

10. PAYMENT

10.1. Unless otherwise stipulated in the Purchase Order, the IITK shall make payment within thirty (30) Days of the later of:

- a. Successful delivery of the goods to IITK as confirmed by the consignee (Assistant Registrar, Store & Purchase, IIT-Kanpur), endorsed by the indenter and approved by the indenters' Head of Department / Section;
- b. Receipt of customary shipping documents and any other documents specified in the Contract; and (c) Receipt of the original invoice issued by the Contractor.

10.2. All invoices shall be in original and shall contain the IITK Purchase Order number, and a description, the quantities, unit and total price(s) of the Goods delivered. The currency of invoice and payment shall be as specified in the Purchase Order. Unless otherwise authorised by the IITK, a separate invoice shall be submitted for each shipment under the Contract / PO. Subject to Clause 11 below ('Tax Exemption'), if applicable, the GST amount shall be separately identified in the invoice.

10.3. Payments shall be made in the currency stated in the Contract / PO, on the basis of the equivalent value of INR on the day of payment and paid directly into the nominated bank account.

10.4. The IITK shall not pay any charge for late payments.

11. TAX EXEMPTION

The Contractor's price shall reflect any tax exemption to which the IITK is entitled. If it is subsequently determined that any taxes that have been included in the price are not required to be paid or if, having been paid, any such taxes are subject to refunding, the IITK shall deduct the amount from the Contract price. Payment of such adjusted amount shall constitute full payment by the IITK. In the event that any taxing authority refuses to recognize the IITK's exemption from taxes, the Contractor shall immediately consult with the IITK to determine a mutually acceptable procedure for settling the applicable amount.

12. WARRANTY

12.1. The Contractor warrants that the Goods furnished under the Contract conform to the technical specifications, description and standards specified in the Contract, and are new and unused, and free from defects in design, workmanship and/or materials.

- 12.2. The Contractor shall provide a warranty for the Goods for a period of one year from the date of acceptance of the Goods by the IITK, unless the standard manufacturer's warranty period is longer in which case the longer period shall apply.
- 12.3. In the case of "homogeneously defined" or disposable goods, should any portion of the Goods, at any time, not comply with clause 5.1 or 5.2 herein or otherwise prove to be defective, the Contractor shall, upon written notification from the IITK, replace that portion of the Goods and bear all costs associated with the replacement of same.

13. PACKING

- 13.1. The Goods shall be packed and marked in a proper manner and in accordance with the Contract and any statutory requirements and any requirements of the carrier(s). In particular, the Goods shall be marked with the IITK Purchase Order number and the net, gross and tare weights, the name of the contents shall be clearly marked on each container and all containers of hazardous goods (and all documents relating thereto) shall bear prominent and adequate warnings.
- 13.2. The Contractor shall provide such packing of the Goods as is required to prevent their damage or deterioration during transit to their final destination. The packing shall be sufficient to withstand, without limitation, rough handling during transit. Packing case size and weights shall take into consideration, where appropriate, the remoteness of the final destination and the absence of appropriate handling facilities at all points in transit.
- 13.3. All packaging materials shall be non-returnable.

14. DEFAULT AND DAMAGES

- 14.1. If due to reasons attributable to the Contractor, the Contractor fails or refuses to:
- a. deliver any or all of the Goods under the Purchase Order;
 - b. comply with any or all of the terms and conditions set out in the Purchase Order;
 - or
 - c. deliver any or all of the Goods under the Purchase Order on or before the Delivery Date; the IITK may hold the Contractor in default under the Purchase Order.
- 14.2. When the Contractor is thus in default, the IITK may, by written notice to the Contractor, immediately terminate the Purchase Order in whole or in such part or parts thereof in respect of which the Contractor is in default.
- 14.3. Alternatively, to clause 14 above when the Contractor is thus in default, the IITK may, at its own discretion, set a reasonable period of time for the Contractor to remedy its default. Any new Delivery Date shall be specified in a written amendment to the Purchase Order, duly countersigned by the Contractor.
- 14.4. The IITK may, at its discretion, impose penalties upon the Contractor calculated in accordance with clause 15 for each Day the Contractor is late in delivering the Goods past the Delivery Date initially specified in the Purchase Order.
- 14.5. If the Contractor does not remedy its default within the period of time accorded under clause 16, the IITK may, by written notice to the Contractor, terminate the Purchase Order with immediate effect.
- 14.6. Upon any termination of the Purchase Order, in whole or such part(s) thereof in respect of which the Contractor is in default, the IITK may engage another contractor to deliver the Goods and recover any difference in price and any additional costs from the Contractor.
- 14.7. The Contractor shall indemnify the IITK for all losses, charges, costs and expenses, which the IITK may suffer or incur as a result the Contractor's default, including those resulting from engaging another contractor pursuant to this clause 14.

15. PENALTIES

If, in accordance with clause 15, the IITK imposes penalties on the Contractor, such penalties shall amount to One percent (1%) of the total Purchase Order price for each week following the initial Delivery Date specified in the Purchase Order but shall not

amount to more than Ten percent (10%) of the total Purchase Order value. The penalties for the delay may be deducted by IITK from any sum(s) due, or to become due, by the IITK to the Contractor.

16. DELAY NOT ATTRIBUTABLE TO THE CONTRACTOR

If the Contractor is delayed at any time in the delivery of the Goods or fulfilment of any other of the Contractor's obligations by any act or omission of the IITK, or by any of its officials, or by any separate contractor(s) contracted by the IITK, or by changes ordered in the type and/or quantity of the ordered Goods, or the Place(s) of Delivery, or any causes beyond the Contractor's reasonable control, or by any other cause, which the IITK determines may reasonably justify the delay, the Delivery Date of the Goods, or fulfilment of any other of the Contractor's applicable obligations shall be extended for such reasonable period of time as the IITK and the Contractor mutually determine. The set reasonable period of time and any amended delivery date shall be specified in a written amendment to the Contract / PO, duly countersigned by the Contractor.

17. FORCE MAJEURE

As soon as possible after the occurrence of any event constituting Force Majeure, but no later than three (3) Days, the Contractor shall give notice and full particulars in writing to the IITK of the Force Majeure. If the Contractor is thereby rendered unable, wholly or in part, to meet its obligations under the Contract, the IITK may terminate the Contract / PO with immediate effect by providing written notice to the Contractor.

18. INDEMNITY

- 18.1.** The Contractor shall indemnify, hold and save harmless and defend at its own expense the IITK, and all of the foregoing's officials, agents, servants and employees from and against all suits, claims, demands and liability of any nature or kind, including costs and expenses, arising out of acts or omissions of the Contractor or its employees, agents or subcontractors in the performance of the Contract.
- 18.2.** Clause 18 shall include, without limitation, claims and liabilities in the nature of workmen's compensation and claims and liabilities arising out of the use of patented inventions or devices.

19. ASSIGNMENT

- 19.1.** The Contractor shall not assign, transfer, pledge or make other disposition of the Purchase Order or any part thereof or of any of the Contractor's rights, claims or obligations under the Purchase Order except with the express written consent of the IITK. Any assignment made without such consent shall be void and of no effect.
- 19.2.** The Contractor shall not subcontract any of its obligations under the Contract / PO without the express written consent of the IITK. The IITK may require the Contractor to furnish particulars of the proposed subcontract as the IITK deems necessary.
- 19.3.** The IITK's approval of any subcontracting shall not relieve the Contractor from any liability or obligation under the Contract. In any subcontract, the Contractor agrees to bind the subcontractor by the same terms and conditions by which the Contractor is bound under the Contract / PO.

20. INSOLVENCY AND BANKRUPTCY

- 20.1.** Should the Contractor become insolvent or should control of the Contractor change by virtue of insolvency, the IITK may with immediate effect and without prejudice to any other right or remedy available to it, suspend the performance of the Contractor's obligations or terminate the Purchase Order with immediate effect, by providing the Contractor with written notice thereof.

20.2. Should the Contractor be adjudged bankrupt, or should the Contractor make a general assignment for the benefit of its creditors, or should a receiver be appointed on account of the Contractor's insolvency, the IITK may, without prejudice to any other right or remedy available to it, terminate the Purchase Order with immediate effect by providing the Contractor with written notice thereof.

21. TERMINATION

21.1. The IITK shall have the right to terminate the Purchase Order or any of the provisions thereof at any time by serving a three days' notice to the Contractor.

22. WAIVER

A waiver of any breach of or default under the Contract / PO shall not constitute a waiver of any other breach or default and shall not affect the other terms of the Contract / PO. The rights and remedies provided by the Purchase Order are cumulative and are not exclusive of any other rights or remedies.

23. ADVERTISING

The Contractor shall not advertise or otherwise make public the fact that it is a contractor to the IITK. The Contractor shall not in any way use the name, emblem, logo, official seal, or any abbreviation of the IITK.

24. DISCRETION AND CONFIDENTIALITY

The Contractor is required to exercise the utmost discretion in all matters relating to the Contract / Purchase Order. Unless required in connection with the performance of the Purchase Order or expressly authorised in writing by the IITK, the Contractor shall not disclose at any time to any third party any information which has not been made public and which is known to the Contractor by reason of its association with the IITK. The Contractor shall not, at any time, use such information to any private advantage. These obligations do not lapse upon any completion, expiration, cancellation or termination of the Contract / PO.

25. NOTICES

Any notice given in connection with the Contract shall be given in English and in writing and shall be deemed to be validly given if sent by registered mail or by fax or by email to the other Party at the following:

- a. for the IITK: the contact details set out in the 'IITK BUYER' name field of the Purchase Order; and
- b. for the Contractor: the contact details set out in the 'CONTRACTOR' named field of the IITK Contract/Purchase Order.

26. STAFF MEMBERS NOT TO BENEFIT

The Contractor shall not grant to any official of the IITK any direct or indirect benefit or preferential treatment on the basis of the Purchase Order or the award thereof. Any breach of this provision shall constitute a fundamental breach of the Purchase Order.

27. GOVERNING LAW

The Contract shall be governed by and construed in accordance with the substantive laws of the Republic of India.

28. SETTLEMENT OF DISPUTES

28.1. The Parties shall use their best efforts to negotiate and amicably settle any disputes, controversies or claims arising out of, or in connection with, the Contract / Purchase Order or its interpretation.

28.2. If the Parties fail to settle the dispute amicably within thirty (30) Days of commencement of the negotiations, the dispute shall be settled through arbitration. One (1) sole arbitrator shall be appointed by the Director of IITK who shall have full powers to make final and binding decisions subject to prevailing laws of India. The appointing authority shall be the Director of IITK. The place of arbitration shall be Kanpur and the language used in the arbitration proceedings shall be English.

29. PRIVILEGES AND IMMUNITIES

No provision of the Contract / Purchase Order shall be deemed, or interpreted as, a waiver of the privileges and immunities enjoyed by the IITK.

30. AMENDMENTS

No modification, amendment or change to the Contract/Purchase Order, or waiver of any of its provisions, or any additional contractual relationship with the Contractor shall be valid unless approved in the form of a written amendment to the Contract/Purchase Order, signed by a fully authorised representative of each Party.

31. VALIDITY

The invalidity in whole or part of any condition of the Contract / Purchase Order or clause thereof shall not affect the validity of the remainder of such condition or clause.

32. ENTIRE AGREEMENT

The Contract / Purchase Order constitute the entire agreement and understanding of the Parties and supersede any previous agreement, whether orally or in writing, between the Parties relating to the subject matter of the Contract.

33. GOVERNING LANGUAGE

The Contract / Purchase Order shall be executed in the English language which shall be the binding and controlling language for all matters relating to the meaning and interpretation of the Contract / Purchase Order.

Department of Mechanical Engineering
IIT Kanpur-208016

Technical Specifications of “Raman Spectrometer with ICCD detector”

Tenders are invited towards procurement of a full-fledged combined system based to obtain the simultaneous, single-shot measurements of temperature and major combustion species (i.e., N₂, O₂, CH₄, CO₂, H₂O, CO, and H₂). The system should include a **Raman spectrometer, an intensified CCD detector, software, power supply units, cables and other accessories**. The system should be capable of operating based on pulse laser (excitation wavelength 532 nm & Maximum power 60 W @ 10 kHz and higher). The specifications of the Raman spectrometer, ICCD detector, and software are provided below.

Specifications:

A. Raman Spectrometer	
Fixed-position camera mount with micrometer focus adjustment for razor-sharp camera focus	
Focal length	320 mm or higher
Aperture ratio	f/4.6 or smaller. Throughput must be maintained at all resolutions.
CCD spectral resolution	0.06 nm or better with 1800 l/mm grating and the ICCD detector measured as FWHM Software enhancement of spectral resolution is preferred
Reciprocal linear dispersion:	2.3 nm/mm or smaller at 500 nm with 1800 l/mm grating
Wavelength coverage across 26.8 mm wide CCD	63 nm (nominal)
Scan range	0 to 1400 nm
Astigmatism	Zero at all wavelengths
Drive step	0.002 nm/step or better
Wavelength accuracy	±0.2 nm or better
Ronchi grating	@ the entrance to reduce the stray light (preferable)
Wavelength reproducibility	±0.015nm or better
Turret type	Interchangeable triple grating CTS-Turrets self-align to system when installed
Grating change repeatability	0.02 nm or better
Grating size	68 mm×68 mm or larger
Spatial resolution (MTF)	≥15 line pairs/mm or better @ 50 % modulation measured over 27×8 mm focal plane
IEC/ CE certification	Required-specify
Computer interface	USB and RS-232 for data transfer

Grating	Ruled Grating, 68x68mm, 600 G/mm blazed wavelength @ 500 nm
	Ruled Grating, 68x68mm, 1200 G/mm blazed wavelength @ 750 nm
	Holographic Grating, 1800 G/mm peak wavelength @ 500 nm

B. Digital Intensified CCD Detector System

CCD detector	Interline Transfer CCD 1024 x 1024 (active area should be minimum 13 mm x 13 mm) or higher number of pixels with effective cooling arrangement, e.g., Peltier cooling or better to achieve dark current specified
Peak QE	> 35 % or better @ 400 nm – 650 nm where QE > 50% or better in the wavelength range of 450 nm – 550 nm
Equivalent background illumination (EBI)	0.02 e/pixel/s (at room temperature) or lower for Gen III 0.002 e/pixel/s (with photocathode cooling)
Method of coupling	1:1 fiber optic
Photocathode	Gen III Intensifier
Wavelength range	280 – 740 nm
Fast Gate (Minimum)	2ns or better
Repetition rate	10 kHz -500 kHz or better
Resolution limit:	57 to 64 lp/mm or 30 μ m measured for Gen III
Phosphor	P43
Operating environment:	+5° C to +30° C non-condensing
Internal timing generator:	0.05 Hz - 1 MHz or higher
Gate Delay + Width Range:	~0.01 ns to 1 s (from T0)
Timing resolution/ Timing jitter:	10 ps / 35 ps rms or better
Insertion delay:	< 27 ns or better (trigger into intensifier opening)
Trigger Inputs	External Sync (Trigger In): -5 v to +5 v (including TTL); AC/DC coupling: 50 ohm / High Z Variable Threshold; +ve or -ve edge

Trigger Outputs	Programmable continuous frequency output to synchronize external devices, e.g., laser Programmable continuous frequency output delay 100 ns - 6.55 ms
-----------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------

C. Software
<p>Software should be capable to acquire, process and analyze the Raman signal. Specifications are as follows:</p> <ul style="list-style-type: none"> • Software must be capable of fully controlling the spectrograph and ICCD camera system • A built-in powerful math engine for real time and post-acquisition analysis. • Smart Search function available for ease of use. • Build a custom settings dock to access frequently used settings. • Synchronized view to provide a quick comparison to the same region or peak in two or more data sets automatically export data into various file formats like TIFF, FITS, ASCII, AVI, IGOR, Origin, etc. • Ease of repeating experiments by save/load function that loads previous experiment settings. • The ICCD camera interface has an “oscilloscope type” display to drag and adjust the gating width/delay or design entire time-resolved experiments graphically. • The software should be compatible with the latest operating Windows 10 • Additional software license for one offline workstation. • Software interface for controlling The ICCD camera should have an interface with an "oscilloscope type" display to drag and adjust the gating width/delay or design entire time-resolved experiments graphically. • Software interface compatible with LabVIEW®, Tecplot®, MATLAB®, including the required SDK.

Important Terms and Conditions:

- i) Technical and financial bids have to be submitted separately.
- ii) Technical bid must include technical specifications, name of the item, origin, and OEM for each item quoted in the compliance sheet with supporting technical documents/figures and datasheet, failing which the bid will be rejected.
- iii) The vendor should supply all cables, power supply units, and other accessories needed for operating the system. Necessary adopter and power stabilizer to be provided by the supplier for safe and foolproof operation based on available electrical supply 230V AC, 50Hz
- iv) Any additional advanced features of the equipment and accessories must be quoted with full details and specifications.
- v) Installation and on-site training should be provided. Also, an endorsement from OEM is needed if the system will be installed by the representatives of OEM from India. Otherwise, the bid will be rejected. The vendor would undertake installation and demonstration of the system at IIT Kanpur.
- vi) All essential and recommended parts/spares for successful operation/demonstration should be quoted. Spares (if any) should be available for the next 10 years
- vii) Necessary advice and pre-installation requirements, including power requirements, should be enclosed along with the technical bid.
- viii) Processing, delivery, and installation charges, if any, should be mentioned separately.
- ix) One year of on-site service and maintenance should be provided. The quoted components should have at least one-year compulsory warranty covering all components.
- x) Additional/extended AMC should be quoted separately.

Warranty:

- One year of on-site service and maintenance should be provided. The quoted components should have at least one-year compulsory warranty included in the cost. Additional/extended AMC should be quoted separately. The warranty includes replacements of the damaged parts (including all freight, customs duties, etc) and on-site visiting charge, service charge, etc.
- The purchaser shall promptly notify the supplier/vendor if any problem arises in any of the Raman spectrometer & ICCD detectors and the supplier must reply and send their technical support team promptly and fix the problem/repair the item within 7 days or replace the faulty item/component within 30 days.
- The vendor must ensure satisfactory after-sales support and supply of spare parts for the system.
- Defective part in equipment, if found before installation and/or during the warranty period, must be replaced within 30 days (from reporting date by the Institute). No charges will be borne by IITK.

Supplier's Capability:

- Availability of after sales service and support in India. The supplier should compulsorily indicate details of facilities / expertise/ qualification of support staff in India. Factory-trained engineer/s should be available in India for complete product support. Please give references to spectroscopy systems (with both spectrometer and ICCD for Raman spectroscopy applications) installed in India, including complete customer details.
- The firm should supply an authorization certificate by the original equipment manufacturer for dealership/distributorship along with the quotation, if applicable.
- The firm should give a declaration that they have not been blacklisted/debarred for dealing with the Government of India in the past.
- The vendor should present/ensure that the installation and training should be provided by the OEM's engineering team only. The Indian representative can install the system if they have installed and supported a minimum of 4 ICCD systems in India for spectroscopy. References must be included in the bid. Otherwise, the bid will be rejected.
- Necessary advice and pre-installation requirements, including power requirements, should be enclosed along with the offer.
- All essential and recommended parts/spares for successful operation/demonstration should be quoted.
- Spares (if any) should be available for the next 10 years.

Technical Details:

- The vendor must fulfill the above-mentioned specification in the technical specifications section. These specifications are minimum criteria for participating in the tender process.
- The vendor should mention all the technical specifications of each system component of the Raman spectrometer and ICCD detector that should at least match the above-mentioned technical specifications.
- The firm should submit and enclose a complete technical brochure/catalogue with all technical details.
- Please note that the technical specifications of the above-mentioned system components are only indicative and minimum requirements.
- The vendor must mention the OEM of each quoted item with technical specifications and datasheet. In the absence of technical specifications and datasheet, the bid will be cancelled.
- If there are specific system components (related to particular vendor) required for total system integration and successful performance of the facility, then those should be mentioned and provided. It is the responsibility of the bidder to include all the required accessories and components for the successful integration and operation of the facility.
- Special features specific to any vendor will be welcomed if they indicate that clearly on the quote.
- Please clearly mention (in the quotation) the OEM's name and model number for each system component of the total facility. This is a mandatory criterion.

- The vendor should also supply all necessary operation and maintenance manuals (written in English), drawings, driver CD/Software support CD (supplied by the OEM) of each system component.
- Non-compliance of tender terms, lack of clarity of all specifications, non-submission of the required document or any contradiction may lead to rejection of the bid.

Inspection and end test prior to shipment of each and every item is mandatory for the verification of the system performance. End test certificate provided by the OEM should be submitted to the Institute prior to shipment.

Payment terms and offers:

- The total cost (proposed in the financial bid by the vendor) should include delivery of all components and installation of the total system along with the successful operation of the facility.
- Suppliers shall be entirely responsible for all taxes, duties, license fees, bank charges, packing and forwarding charges, roads permit, etc., incurred until delivery of the contracted system components to the Institute.
- The vendor should provide maximum educational and other discounts, and the price of the items should be quoted after applying all discounts.

Institute's rights:

- The Institute reserves the right to add or delete any item from the list. This means that the Institute has the right to choose the list of final item/component to be purchased during the tendering process.
- The Institute reserves the right to augment or provide relaxation to any component/specifications, terms and conditions during the entire tendering process.
- The intender reserves the right to withhold placement of the final order.
- The right to reject all or any of the quotations (at any time of the procurement process) and to split up the requirements or relax any or all of the above conditions without assigning any reason is reserved.
- The Institute reserves the rights to charge penalty or take any legal action on delayed delivery of components, supplying defected/used/refurbished/substandard equipment.

Bid preparation and selection:

- Financial bids will be opened only for shortlisted bidders who meet the technical specifications outlined in the tender document. Technical merit will be judged according to the fulfillment of the technical specification (which the vendor must clearly mention).
- After the opening of the financial bid, the lowest bid will be identified based on the submitted price of the selected bids.
- Please note that the final items/components list will be decided by the Institute (as the Institute reserves the right to add or delete any component during the procurement/tendering process), and the pricing merit will be based on the final list of components.

Packing and delivery:

- All the parts of the Raman spectrometer and ICCD detector are very delicate. The packaging should be such that none of the components get damaged during transit. The supplier has to ensure this, and they should take care of all these issues during the shipment process. Damaged/partly damaged products will not be accepted.
- In case of any defect/damage to equipment during the carriage of supplies from the origin of equipment to the installation site, the supplier has to replace it with a new one immediately at his own risk and responsibility. The supplier may deal with this with their respective insurance company at their convenience. IIT Kanpur will not be liable/responsible for losses in any form.

- Each Package should be marked (in three sides) with item nomenclature, OEM and model no., order/contract no., country of origin of goods, name and address of the suppliers, packing list reference no. and the markings should be done by proper paint/ink.
- Documents to be supplied with delivery are 4 copies of supplier/OEM invoice showing contract no., item description, quantity, unit price, total amount and 2 copies of the packing list identifying the contents of each packing.
- The delivery period should not be more than 12 weeks from the purchase order date and/or letter of credit (LC) and delivery should be at the Institute. **For advance payment, vendor has to provide a bank guarantee of the same amount.**

Installation, Commissioning and Training:

- The vendor must specify all necessary arrangements/supports needed from IITK side for installation in the technical bid. The Institute will only provide the laser beam from the pump laser (6 mJ/pulse energy, 532 nm wavelength @ 10 kHz maximum repetition rate) having specified energy with test setup and provide a suitable optical table. The supplier should be able to maneuver the input laser beam using necessary optics/mounts etc.
- All integration and demonstration should be done by the OEM's Engineer.
- Complete installation, commissioning, and experimental measurements should be done by the OEM of the OEM-authorized Indian vendor within 21 days from the date of delivery. All relevant specifications/parameters of items supplied should be explained, and measurable quantities should be reproduced during installation.
- Installation, demonstration, and training should be done by OEM only or OEM-authorized Indian representatives (if they have 4 ICCD spectroscopy systems already installed in India. Endorsement from OEM must be submitted along with technical bid documents in case the installation will be done by one of the representatives of the Indian supplier. This is an important point, and if this endorsement is not submitted, the bid will be rejected. The supplier should also be responsible for suitable demonstration and smooth working of the entire system.
- The supplier should provide the end test certificates from OEM carried out at the factory before shipment and get approval from the end-user as complying with tender specifications.
- Training for each component of the facility should also be provided by the vendor.
- If the purchaser faces some difficulties in realigning and reintegrating the total system for a specific set of experiment/acquiring results, the vendor must come to the Institute promptly (after informing) and sort out the issue. Therefore, proper aftersales support is required.
