ENQ No. PHY/RG/2011-12/01

Date: September 28, 2011

Sub: Inviting quotations for supply of He-Ne gas laser with power supply

Sealed quotations are invited for the following items

- | | | |
|----|---|-----------|
| 01 | He-Ne laser with power supply | 01 |
| | Output wavelength: 632.8 nm | |
| | Output power: 21 mW or higher, polarized output | |
| | Operating voltage: 220 V AC | |
| | Mode structure: TEM00 | |

Please note the following points while preparing quotations:

1. Mention the guarantee period for the equipment.
2. Send relevant technical literature.
3. Mention delivery and work schedule.

Please send your sealed quotations with detailed specifications on or before October 5, 2011 to the following address:

Rajeev Gupta
Department of Physics,
IIT Kanpur 208016

Thank you,
