To,

Tektronix, Inc.

Sub: 4 channel power scope with isolated outputs

We are inviting quotation for two 4 channel Tektronix digital phosphor power scope with isolated outputs. The scope will be used in a lab environment to carry out various power related experiments.

The scope should have following features:

- 4 channel output
- Isolated outputs
- 1000 V probes (4 numbers in total)
- 200 MHz band width

We request to kindly send in your quotes and specs by 25th of Nov.

Thank,

Santanu Mishra
